ANNABELLA Pressurized Irrigation

Pressurized irrigation will be turned
off the morning of

Thursday, October 1st

Once water is shut off, the valves will be drained. In order to avoid freezing during the winter months, you are encouraged to ensure that all lines on your property are drained. We also ask that all valves and taps are in the "OFF" position to avoid problems next spring when the water is turned back in to the system.

Thank You!

Thank you to all of those who are, and have been, adhering to the water restrictions. It makes such a difference and is SO appreciated!

Also, thank you for your patience and understanding as water service has been interrupted during the project. Our Annabella community is truly the BEST!

Fall Open Burning

The rules and procedures for open burning are still fairly new for our area. As a reminder, permits for fall open burning will be issued from

SEPTEMBER 15TH through OCTOBER 30TH

An open burning permit application must be filled out prior to igniting the burn (small campfires do not need a permit).

Remember: Your fire is your responsibility. Control your fire and stay with the fire at all times.

Permits can be filled out online
<https://air.utah.gov/OpenBurning/form/index.php>
Or by calling 1-801-536-4000

Also be sure to call dispatch and let them know you are burning so that they don't send officials out on a false alarm (this can happen, and fines can be involved) ...Yikes!...
