In formulating these policies and procedures, it has been our desire to offer as much freedom of choice as possible while still preserving those regulations necessary in maintaining a high standard of beauty and efficiency.

We sincerely hope that you will assist us in this effort by adhering to these rules. We also solicit your comments and suggestions regarding general maintenance and operating procedures.

## **SECTION 2 -LOT OWNERSHIP AND PRIVILEGES**

### **A. Nature and Extent of Rights Acquired.**

- Upon payment of the purchase price of a space, the purchaser acquires the rights of burial in said space, subject to the policies and procedures of the cemetery.
- The Town retains title to the cemetery property.
- A maximum of four (4) spaces shall be purchased by any one individual, who is head of household, on a one-time basis. (Husband and wife or a domestic partnership are considered an individual.) A certificate of burial right will be issued to each purchaser after fees are paid in full.
- Any requests for more than four (4) spaces must be approved by the Town Council.
- No interment will be permitted in, or placement of marker allowed, on any space not fully paid for.
- No space shall be sold without perpetual care.

### **B. Descent and Inheritance of Burial Rights.**

- Burials by or of heirs, after the original parties named on burial certificates are deceased, will require the permission of the oldest living heir of the original party named. The proper form for this purpose may be obtained from the Annabella Town office. Annabella Town shall, in no way, be held responsible for failure to properly determine the legal succession of the said space owner.
- The heirs are entitled to the same use of the space as the original owners and are bound by the same policies and procedures.
- Burial rights may be placed on hold if lots are deemed to be inactive and heirs are unknown. These rights placed on hold may be reactivated in other locations.

### **C. Transfer of Burial Rights.**

- Owners of burial certificates may transfer their burial rights to other parties by filling out and signing forms provided by the Annabella Town office. The four (4) space limit will be considered before a transfer is authorized.
- The files located at the Annabella Town office regarding the Annabella Town Cemetery are to be considered the correct record. Any discrepancy between the administrative files and

the certificate of burial rights will be considered a clerical error or necessary change. Annabella Town reserves the right to recall, correct and re-issue any certificate in question.

- Transfer of burial rights cannot take place within 12 months of burial right purchase.

**D. Resale of Burial Rights**

- As stated in Section A, the purchase of a cemetery space does not include land, only the right of burial within that space.
- If a space is being sold back to Annabella Town or to another person, the space must meet the criteria of being a useable space. The determination of whether a space is useable will be the decision of the Annabella Town Cemetery Superintendent.
- An owner or heir holding title to a space may sell that space back to Annabella Town at any time. The amount the Town will pay for said space will be the amount originally paid for the space by the owner at the time of purchase.
- An owner or heir may sell a space for the original purchase price only. Burial rights may not be marketed or used as an investment venture.

**SECTION 3-BURIALS**

**A. General Requirements**

- Interments are limited to human dead.
- Information for all interments must be given and all charges paid at the Town office. Information given by telephone will be taken with particular care, but Annabella Town will not be responsible for errors arising or resulting from this procedure.
- The person giving the order must give the space owner's name, address, and all other information required on the burial report. This information includes: The name of deceased, date and place of birth, date and place of death, cause of death, name of mother and father, name of funeral director, date and time of funeral, location of grave space to be used.
- No interment will be permitted, or remains received, unless the proper written order is furnished. Remains sent from other states must also be accompanied by a burial transit permit and filed at the administrative office.
- Notice for opening of a grave must be given early enough to allow at least twenty-four (24) regular working hours for the grave to be prepared. Extra time may be required during winter months.
- Any existing headstone for a prior burial or a stone that has been placed as part of a pre-need funeral plan, will need to be moved to facilitate opening the grave. A monument company shall be contacted to remove the stone. The cost to move the stone will be billed as part of the fees associated with opening and closing of that space.
- Annabella Town will not be responsible for any mistakes occurring from lack of precise and proper instructions as to the location of proper space on the lot where the interment is desired. It is preferable that when several spaces are available within a lot, a family member or representative come to the Town Office and with the assistance of the Clerk, make the designation for the space desired. When it is not possible to open a specified space on a lot because of an existing older grave or other such circumstance, and the family has not responded to notification of the situation, the Superintendent may, at their discretion, open a space where they deem best and proper, so as not to delay the funeral and interment.
- The Town Council shall from time-to-time designate spaces to be reserved for indigent persons.

**B. Advance Payment of Burial Fee**

- For families who would like to acquire burial space in the Annabella Town Cemetery prior to need, spaces may be purchased through the Annabella Town Office. No more than four (4) spaces per household will be allowed.

**C. Hours When Burials Are Permitted**

- No funeral, memorial or interment services will be allowed in the cemetery on Sunday. On all other days, services will be allowed between the hours of 8:00 a.m. and 4:00 p.m.
- Additional charges will be made for interments made on Saturdays and for interments lasting longer or beginning after 4:00 p.m.
- Because of high numbers of traffic, people visiting and decorating family graves during the Memorial Day and Veterans Day weekends, no burials are to take place after 11:00 a.m. on the Friday before these holidays. Burials may resume after 8:00 a.m. the Tuesday following these holidays.

**D. Duty of Funeral Directors**

- The mortuary (funeral director), who is in charge of the funeral, must arrange the time for arrival at the cemetery so as to be finished with the service and away from the burial site before 4:00 p.m. They will be responsible for the faithful observance of all the policies and procedures concerning funerals and burials unless prior arrangements are made with the Town office. If service extends beyond 4:00 p.m., an overtime charge will be billed to the mortuary in charge of the burial.

**E. Vaults**

- Burial vaults are required for all burials and must be made of concrete or metal. Exceptions may be noted for infants and cremated remains. These containers may be made of concrete or a fiberglass composition material which has been approved by the cemetery Superintendent. Outside wooden boxes are not permitted.

**F. Excavating and Refilling of Graves**

- Cremated remains shall not be scattered on cemetery property.

- Floral pieces will be removed without notice when they become unsightly. Space owners desiring to retain floral pieces must remove them within five (5) days after the interment.

**B. Decorations and Containers**

- The placing of baskets, boxes, pots, jars, cans, wires, bottles, nick knacks, fences etc., shall not be permitted on sodded covered areas except during the Memorial Day holiday. Any items placed on these areas are subject to removal as needed to perform on-going maintenance of the cemetery.
- Permanent containers must be a part of the marker or cast into the concrete foundation.
- All flower containers or vases in flat headstones must be of the sunken and a permanent part of the marker.

**C. Artificial Flowers**

- Artificial flowers are permissible if placed in a permanent container, but the location and use of such flowers shall be subject to the policies and procedures set forth.

- Monuments and markers on a grave space within the cemetery are the property of the space owner, their heirs or the responsible party that ordered and had them placed; with the exception of the government issued military markers or headstones authorized for veteran burial, their ownership remains with the government. However, maintenance of the monument is the responsibility of the owner.
- If a headstone becomes a safety concern, Annabella Town will contact responsible party. If Annabella Town cannot contact responsible party, the Town reserves the right to take care of correcting the problem.
- The cemetery is maintained by Town personnel who exercise great care in keeping the grounds groomed.
- Markers are subjected to extreme temperatures, snow, ice, sprinkler irrigation water and occasional nicks and chips from mowing, maintaining the grounds and opening and closing neighboring grave spaces.
- Annabella Town will not be responsible for inadvertent scratches and chips that occur from routine maintenance or vandalism. Such happenings are conditions that go with the privilege of placing the monument in the cemetery.
- A recommendation would be to consult a monument dealer on monument materials suitable to handle conditions at the cemetery. It is also recommended that upright or slant markers have rough nosed base edge rather than a polished smooth surface.

**B. Monuments and Markers**

- Because of water lines, sprinkler locations and roadways, any monument or marker erected in the Annabella Town Cemetery shall be restricted to a size and dimension specific to its location within the cemetery limits.
- Persons ordering a monument from a monument dealer should check, or cause to be checked, the restrictions first, to ensure that the stone will be permissible.
- **Only one marker allowed per burial space unless two infants, cremations or a combination of a burial and a cremation are buried in the same space. A second marker can then be installed but MUST be a flat stone installed at ground level.**
- If a monument company has been contacted to remove a monument for a burial, the monument company will also be responsible for returning the monument to its original location.

**D. Vases**

  - Flagpoles or other items for single headstones measuring forty-eight (48) inches wide must be within the concrete base.

**F. Shepherd's Hooks**

- Shepherd hooks will be allowed so long as there is no more than two (2) inches from monument foundation. The hook must be over the stone so that anything flown from the hook would fall over the stone and not onto the grass.

**SECTION 6-GENERAL PLATTING AND LANDSCAPING**

**A. Boundaries, Roads and Waterlines**
